Air Quality Forecast for the UK

Issued by the Met Office

Today: The moderate northeasterly breeze will continue to bring rather clean air associated with the current high pressure. This means air pollution levels will be Low on Tuesday across the UK.

Tomorrow: A similar setup to previous days with a clean northeasterly airflow for much of the UK, therefore Low air pollution levels expected on Wednesday.

Outlook: Low air pollution levels expected throughout, though as winds fall light on Saturday, there is a risk of some patches of Moderate air pollution developing in the south.
